

Soft Computing Research Society

Issued on: 14-09-2026

This certificate is issued to confirm

Somesh Rahul

Walmart Inc.

As Distinguished Fellow of the Soft Computing Research Society
for an outstanding work in the field of **Applied Artificial Intelligence and Intelligent
Interactive Systems**

Dr. J C Bansal

(Authorized Signatory)

Soft Computing Research Society

New Delhi, India

Registered under the societies registration act XXI of 1860

14 Sep 2026

To Whom It May Concern

Subject: Confirmation of SCRS Distinguished Fellowship for Somesh Rahul.

The **Soft Computing Research Society (SCRS)** is a prestigious organization dedicated to fostering advancements in soft computing, artificial intelligence, machine learning, and related computational intelligence fields. Through its extensive network of researchers, industry professionals, and academicians, SCRS promotes knowledge exchange, research collaboration, and the development of cutting-edge technologies.

The society actively organizes international conferences, workshops, and seminars, creating a global platform for innovation and thought leadership. To promote research in soft computing and allied areas, the Soft Computing Research Society (SCRS) was established in 2013. Soft Computing Research Society is a non-profit, scientific swarm of institutions / labs / researchers / scientists / academicians / research scholars / students / industry R&D persons interested in soft computing.

Distinguished Fellow Membership Recognition:

SCRS is a globally recognized non-profit organization with over 14,000 members from academia and industry, and while Fellows represent around 5% of the total SCRS membership, Distinguished Fellows are only around 10% of those Fellows.

Distinguished Fellow Membership in the **Soft Computing Research Society (SCRS)** is conferred upon distinguished professionals who have made significant contributions to research, industry, and technological advancements in soft computing and related fields. This recognition is a testament to an individual's impact on academia, innovation, and practical applications of computational intelligence.

The selection process for Distinguished Fellow Membership is rigorous and involves:

- **LEVEL 1: Eligibility Assessment**

Evaluation of the candidate's professional background, research contributions, and leadership in soft computing and artificial intelligence.

- **LEVEL 2: Peer Review**

A panel of senior researchers and industry experts assesses the nominee's body of work, considering factors such as publications, patents, industry contributions, and mentorship activities.

- **LEVEL 3: Final Approval**

The SCRS steering committee reviews the recommendations and validates the nominee's eligibility based on their sustained contributions to the field and their influence on the research and professional community.

Steering Committee:

The administration and governance of the SCRS Fellow Membership are conducted under the supervision of the SCRS Fellow Steering Committee, which comprises eminent professionals and recognized national and international experts from academia, research, and industry. The committee is responsible for the evaluation, review, and recommendation of candidates for the conferment of the SCRS Fellow title.

Soft Computing Research Society

New Delhi, India

Registered under the societies registration act XXI of 1860

The members of the committee are as follows:

- Dr. Jagdish Chand Bansal, South Asian University, Delhi, India – Chair
- Dr. Meng-Hiot Lim, Nanyang Technological University (NTU), Singapore – Member
- Dr. Shahid Hussain, University of Canberra, Australia – Member
- Dr. Sandeep Kumar, Christ University, Bangalore, India – Member
- Mr. Manjunatha Sughaturu Krishnappa, Oracle America Inc., USA – Member

Distinguished Fellowship Conferment:

We are delighted to recognize Somesh Rahul, a distinguished technology leader, researcher, and industry innovator, for outstanding contributions to the field of Applied Artificial Intelligence and Intelligent Interactive Systems. With significant experience in the IT industry, Somesh Rahul has been at the forefront of Applied Artificial Intelligence and Intelligent Interactive Systems.

As an active contributor to the global technology ecosystem, Somesh Rahul bridges the gap between academia and industry through extensive research work. Somesh Rahul has published multiple research papers in reputed journals and authored numerous articles covering Applied Artificial Intelligence and Intelligent Interactive Systems. With a strong commitment to knowledge advancement, Somesh Rahul has conducted multiple peer reviews for leading journals and conferences.

Beyond the research endeavours, Somesh Rahul is a dedicated mentor, guiding professionals and aspiring technologists through various mentorship programs. Somesh Rahul actively supports knowledge sharing and career growth through global mentorship platforms, helping shape the next generation of innovators and technology leaders.

The Distinguished Fellow Membership of the Soft Computing Research Society is a well-earned recognition of Somesh Rahul expertise, vision, and leadership in driving innovation in Applied Artificial Intelligence and Intelligent Interactive Systems. We take immense pride in welcoming Somesh Rahul as a Distinguished Fellow of SCRS and look forward to continued contributions to the global research and technology community.

Warm regards,

Dr. Jagdish Chand Bansal, Ph.D. (IIT Roorkee, India)

President
