Dear Somesh,

Thank you for your participation in the 2025 IEEE New Era AI World Leaders Summit. It was excellent to have you as a speaker and also stand as a Runners-up (Second place) for the "Most Innovative AI Presentation Award" in the *Intelligent Commerce* Track.

As you might know from the website, this award also has a cash price of \$500 associated with it and we would like to ensure that it reaches you. If you can help fill up the attached tax form and submit it to the IEEE Secure-link [here](#), our event Treasurer (Alon, copied here) will be able to kick off the process.

Please see the attached tax forms (W-9 or W-8BEN), depending on your status you will need to fill up only one form. Please do not hesitate to let me know if you have any questions or concerns.

Thanks!

Priyank Desai.

Chair, Intelligent Commerce Track
