From: Somesh Rahul
To: WCCST .

Dear General Chair and the WcCST-2026 Organizing Team,

Thank you for inviting me to join the Industry Advisory Committee for the World Conference on Computational Science and Technology (WcCST-2026).

I am honored to accept this position. The conference's focus on Artificial Intelligence, Machine Learning, and Emerging Technologies aligns perfectly with my current work and my broader professional interests. I am particularly pleased to see the technical co-sponsorship by the IEEE Computational Intelligence Society, an organization I hold in high regard.

I look forward to leveraging my industry experience to help shape the conference program, identify practical challenges in the computing sector, and further strengthen the collaboration between academia and industry.

Please let me know the next steps regarding the committee's schedule or any specific documentation you require from my side to formalize this appointment.

Best regards,

Somesh Rahul, Lead Product Manager, Walmart Global Tech

Dear Somesh Rahul,

Greetings from Chandigarh University!

We are pleased to invite you to join the **Industry Advisory Committee (IAC)** for the **World Conference on Computational Science and Technology (WcCST-2026)**, *Technically Co-*

Sponsored by IEEE Computational Intelligence Society (IEEE CIS), Conference Record Number: 67302.

WcCST-2026 aims to bring together leading academicians, researchers, scientists, innovators, and industry professionals from across the globe to discuss cutting-edge developments in **Computational Science, Artificial Intelligence, Machine Learning, Big Data, Cloud-Edge Computing, Cyber-Physical Systems, and Emerging Technologies.**

As an esteemed industry expert, your guidance and insights will be invaluable in:

- Strengthening industry–academia collaboration
- Enhancing the conference’s technical relevance and industrial impact
- Identifying emerging trends and practical challenges in the computing industry
- Supporting industry-focused sessions, workshops, and panel discussions

Organized By:

Department of Computer Science and Engineering, Chandigarh University, Punjab, India.

Your association as an Industry Advisory Committee member will significantly contribute toward shaping a globally impactful conference that bridges research, innovation, and industrial needs.

We would be honoured to have your acceptance and participation in WcCST-2026.

Looking forward to your positive response.

--

Warm regards,

General Chair, WcCST-2026

Department of Computer Science and Engineering, Chandigarh University, Punjab, India
